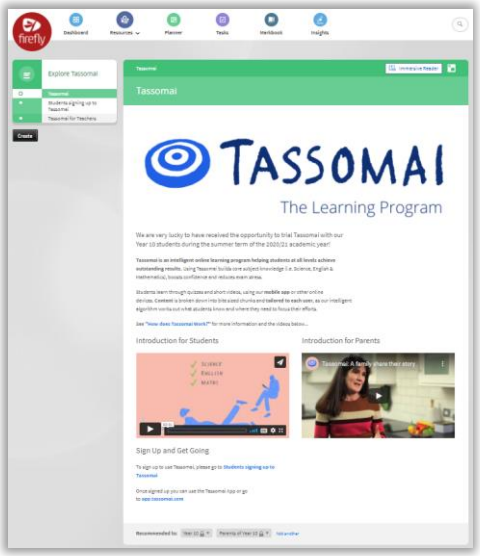
Tassomai

Tytherington SCHOOL

TASSOMAI

The Learning Program



- Tassomai learns about students, learning what they know and what they don't.
- It uses this information to adapt content for each student, providing tutorial videos and quizzing.
- By using Tassomai, a student's knowledge, understanding and confidence builds as they master the subject, helping them achieve their best possible results.
- See **"How Tassomai Works"** on their website for more details.

Adapted Work Experience

- Year 10 will be presented with a menu of opportunities to participate in during the Summer term, particularly focusing on, but not exclusively, the **week beginning 4th July**.
- The programme has been designed for students to access outside of timetabled lessons, to reduce any disruption to their GCSE subjects.
- Opportunities will be promoted and accessed via Firefly.

An ambitious school at the heart of the community

Range of Opportunities

Students will be offered a mixture of opportunities based on:

- Research resources for work experience and their future career choices.
- Interactive resources linked to employers and experiences.
- Virtual placements. (Do note that some of these will not necessarily occur on the allocated week. A registration and/or application process may be required in some instances).
- Access to some ‘on-demand’ work related opportunities.
- Use of the ‘Start profile’ careers software. https://www.startprofile.com/ - Student logins for this platform will be provided.

Expectations

- We expect all Year 10 pupils to participate in the programme.
- Year 10 students will be asked to complete a set number of tasks from the menu of resources detailed via the Firefly platform.
- Students will be able to record their experiences and skill development in their “Start Profile” careers account “Locker”.

Monitoring Report 2

Tytherington SCHOOL

These will be published on the 21st July and will contain:

- Outcomes from the Mock Examinations
- Professionally Predicted Grades (PPGs) – a prediction of the likely grade that a student will achieve based upon their:
  - ongoing work and assessments,
  - any coursework and mock examinations,
  - effort, engagement and attitude to learning
- Attitude to Learning (A2L)
