

Single sign on in eDofE

- 1 Go to 'My Settings' and click on **[Link another account]**.

Link another account

If you have multiple accounts you can link them to this account and sign into all of them with this username and password. Linking will create a 'My accounts' menu option so you can switch between accounts.

Link another account

- 2 Enter the username and password of the account you want to link, then click on **[Link]**.

Link account

Enter the username and password of the account you wish to link. After linking you will no longer be able to access that account using its original username and password.

Only link accounts that belong to you.
